

Application

You are an engineering or science student at one of the participating universities? You are going to complete your master's degree in a year and a half? You speak English properly? You are passionate about mechanical engineering, electrical engineering, energy or information technology, physics or other STEM specialties? Or are you studying industrial engineering, for example?

Then apply now for one of 50 scholarship places online*. Don't miss the next application phase from 12 April – 16 May 2021

WANTED: FEMALE.

Courageous. STEM-thusiastic.

Career-Building for STEM-students 2021/2022

What is Femtec?

Are you a STEM-enthusiastic female student and want to set the course for your career today? Do you have big plans and a desire to play an active role in shaping our society and future?

Femtec adds what university education lacks. While taking your university courses, the Career-Building Programme teaches you crucial skills for your future career. Femtec stands for sustainable networking, confidence, working innovatively and diversifying the corporate world.

With Femtec you study courage. We show you how you can actively shape your career – without bending your personality.

Empower

Career-Building

Every year, the Career-Building Programme helps 100 female STEM students prepare for starting their professional career.

What Femtec offers you:

- intensive career training courses in English that help you shape your talents
- inspiring discussions about career-relevant topics
- exclusive contacts to exciting companies, universities and research institutes

Highlights

You will be part of a unique network of other STEM talents. Excellent coaches support your personal and career development empathetically. You will learn about current leadership concepts and new approaches to deal with complex challenges.

In an innovation project you will work together with our partners from industry, research and science to develop pioneering solutions for tomorrow's challenges.

Career coaching

Our careers are the result of the decisions we make. With individual coaching sessions we support you in deciding difficult matters or other career-related issues that you would like to tackle with professional support.

Inspire

Are you ready to take the next step in your career? Join our informational event at your university or contact us directly.

What scholarship holders think and say about us:

8
universities

» The Femtec network is a unique opportunity to get to know great STEM women and exchange ideas on exciting topics away from clichés.

Luise Kranich, Femtec Alumna

» I experience the network as open, incredibly supportive, invigorating, inspiring, motivating. It is always there for you.

Natalie Haußmann, Femtec Alumna

» I can say that I owe a large part of what I have achieved to Femtec and the Alumnae Association.

Meike Zehlike, Femtec Alumna

Connect

250
direct matchings

Femtec has supported more than 1200 female students shape their careers over the past 19 years. Many of these women now work in top positions at renowned companies, scientific institutions or technical universities and are still closely associated with Femtec.

Together with our top-class partners, Femtec offers a unique network to boost the start of your career.
