

## Catalogue of potential credit points accepted by the Faculty of Chemistry to fulfil the required ECTS in individual doctoral studies

The PhD (oder Doctoral) agreement must specifically contain an individualised qualification program comprising at least 9 credit points (ECTS). The following achievements are accepted by the doctoral committee of the Faculty of Chemistry:

<b>Type/Category<sup>1</sup></b>	<b>ECTS</b>
Participation in scientific events at the Masters level which are relevant for the thesis, apart from the one imposed by the doctoral committee as a prerequisite for admission.	<b>3-6</b>
Participation in non-scientific courses to establish proficiency in multidisciplinary key qualifications <sup>2</sup>	<b>1-6</b>
Employee seminars	<b>1-3</b>
Participation on lectures with interdisciplinary topics through the Graduate Academy of the University of Stuttgart, GRADUS	<b>1</b>
Oral Presentation at a national international or international conference	<b>1</b>
Poster Presentation at a national or international conference	<b>0.5</b>
Scientific publication	<b>1-3</b>
Participation in Summer Schools / Workshops <sup>3</sup>	<b>1-2</b>
Participation in modules of the Baden-Württemberg Certificate for Teaching and Learning	<b>3-6</b>
Organisation and successful execution of lectures or workshops	<b>1-6</b>
Supervision of student projects or degree theses	<b>1-6</b>
Research stay (national/international) at an external university	<b>1-3</b>

<sup>1</sup> Achievements provided externally have to be confirmed (either by a confirmation of participation or a certificate).

<sup>2</sup> e.g. workshops on management skills, academic skills, or career skills

<sup>3</sup> GRADUS-Students earn 1 ECTS for a two-day workshop (15 h in-person + 15 h preparation before and after = 30h workload)

The maximum/minimum ECTS per academic performance is decided by the supervisor of the PhD thesis, taking into account that one ECTS corresponds to a workload of 30 hours. It is possible to use earn ECTS for more than one event from the same category. All events must occur within the time span of the PhD.
